ESSENTIAL & PERFORMING

It is an essential, pure, slim brand. It goes straight to the point to respond specifically to the needs and wishes of modern customers: colour, care, finishing, silky offers everything necessary for a healthy, always up-to-date look. The silky woman is contemporary, pragmatic, not influenced by passing fashions, yet is nevertheless interested in all that is elegant, natural and not excessively artificial. A brand conceived and produced in Italy and present in more than 80 countries around the world.

ESSENTIAL & SPECIFIC

Product systems are part of a slim, lightweight, and easy-to-use structure for both the hairdresser and the end consumer. Each product is designed to meet specific hair and scalp needs. From colour to finishing to hair nutrition, the line is essential and specific without dispersion between often unnecessary accessory products.

Silky®

Silky Dressing Hair Colour

PPD
FREE

Paraben
FREE

Ammonia
FREE

Ammonia, paraben and PPD free colouration with protective ingredients for a perfect result. It leaves the hair brilliant, soft and healthy and respects the hair structure. Ideal for the most sensitive skin: it does not irritate the sculp.

How To Use

Choose the developing emulsion according to the lift you want to achieve:

- 10 vol. (3%): tone on tone or darker
- 20 vol. (6%): 1-2 levels lighter
- 30 vol. (9%): 2-3 levels lighter
- 40 vol. (12%): more than 3-4 levels lighter
- Addition 000: more than 4 levels lighter

Mix with the emulsion with mixing ratio 1:1.5, or 1:2 with toners. Leave on from 30 to 55 minutes depending on the desired level of lifts

Silky Coloration Hair Colour

Colouring cosmetic cream allowing to change the natural colour of hair by depositing latest generation colour pigments inside the hair structure, with the highest purity degree (99%). Its specific formulation combines pure dyes and a blend of very selected cosmetic substances (90%) with nourishing, softening and anti-static properties that invigorate damaged hair, giving it body and shine. It guarantees long lasting colour and shade stability. It respect the hair structure; has conditioning properties and covers grey hair 100%.

How To Use

- Base coloration: 1:1.5 dilution with oxygen
- Super bleaching and super highlights: 1:2 dilution with oxygen
- Bleaching boosters: mix with super bleaching nuances to increase bleaching up to ine level (es. 25g coloring cream + 25g 000 + 75g oxygen / dilution 1:1.5)

Enriched with Limnanthes Alba seed oil, it protects skin and hair, restores and repairs the structural cuticle of the hair, makes it bright and elastic, thus ensuring an effective cosmetic action.

Oxidant cream 5/10/20/30/40 vol.

.01 Colour Clean

It effectively removes color stains from skin without irritation.

.01 Rew Colour

Colour remover in powder for oxidising hair dyes. Retouches, corrects and removes hair dye without affecting hair colour. Rew Colour's delicate action leaves hair structure intact and does not lighten natural hair colour.

.01 Protective Oil

It protects the scalp by preventing sensitisation phenomena associated to technical treatments. As a barrier effect, it avoids the formation of dye spots on the skin, without influencing the technical results.

.01 Anti Yellow Shampoo

A delicate shampoo with acid PH, specific to soften yellow reflects on white, blonde hair or streaks. It gives vitality and light to the hair.

.01 Bleaching Powder Blue 500g

Bleaching powder for quick, intense lightening, over 7 levels with extreme technical result. High performing blue micro pigments guarantee excellent anti-yellow action and allow to soften the unsightly yellow shade that may characterise bleached hair. The blonde tone is therefore uniform and brilliant.

.01 Bleaching Powder White 500g

Bleach with an all-purpose formula, ideal for any professional lift technique, over 7 levels. Mixed with cream peroxide, it creates a soft and homogeneous cream, that does not swell or leak. Easy to use: specific for for bleaching, highlights and colour removal.

SERVICE	MIXING RATIO	DEVELOPMENT TIME
LIFT	BLEACHING POWDER (2 SPOON) + PEROXIDE 20/30/40 VOL (PH 10)	30/50 MINUTES
HIGHLIGHTS	BLEACHING POWDER (1 SPOON) + PEROXIDE 20/30/40 VOL (PH 10)	15/30 MINUTES
COLOR REMOVAL	BLEACHING POWDER (2 SPOON) + PEROXIDE 20/30/40 VOL (PH 10)	20/40 MINUTES
COLOR REMOVAL (HAIR)	BLEACHING POWDER (1 SPOON) + SHAMPOO (PH 5) + PEROXIDE 10 VOL (PH 5)	5/10 MINUTES

.01 Deco Cream 250ML

Innovative formula, it guarantees a modulable technical result with maximum protection thanks to its anti-yellow action in a new creamy consistency. It offers uniform bleaching from light to strong, up to 7 tones. Thanks to its versatility it can be used with any bleaching instrument and technique: foil, thermal papers, free technique. It can even be used on scalp (maximum 30 vol).

.01 Foil Free Powder Bleach 500G

Bleach in powder form with a compact texture for perfect freehand application: Perfect for natural reflexes, shadows and balayages, guarantees up to 6 tones of highlighting.

Apply to highlighted/bleached hair (towel-dried), with a brush or your hands (gloves recommended)
Develop for 30-45 minutes

Rinse until water runs clear, Wash with sulfate free shampoo and conditioner
Style as usual

RE-TOUCH/COLOUR APPLICATION

Remember to use Sulfate Free Shampoo and Conditioner to maintain, promote colour vibrancy and intensify the overall health of your hair.

To touch up your colour, clarify your hair with PRODUCT[police] Carbon Clarifying POW[d]ER as instructed to remove all product build up, leaving the cuticles open. It is not necessary to re-bleach if no re-growth is visible, simply apply your Semi-Permanent Hair Colour Pigment Powder as per previous Instructions.

SEMI[permanent] Hair Colour Pigment POW[d]ER is a NON[toxic] formula and can be re-applied without damaging the hair.

To create new colours apply a different colour over your existing colour E.g. purple layered over blue will make Navy Blue, giving you endless conceptual styles with a safe non-toxic product.

SAFETY INSTRUCTIONS

HAIR TEST | hair strand:

Wash and dry a small area behind your ears and remove earrings

Apply the mixture using a cotton bud to cover an area of 1-2cm

Leave for 48 hours without washing, covering or touching

If you notice any abnormal reactions, like itching, redness or swelling in and around the area, DO NOT use the product

SKIN TEST | allergy/sensitivity:

Snip off a small swatch of hair and tape it at the one side

Place the swatch in the colour mixture for the recommended time

Leave in mixture for the recommended time

Rinse thoroughly and dry to preview colour result

WARNING

The skin sensitivity/allergy test must be performed at least 48 hours before every colour application. An allergy can develop suddenly even if you have previously used a hair colour without incident in the past.

Company

Offering itself the ideal partner to work alongside with the most up-to-date hairdressers, PARLUX complies with their most demanding needs by offering a wide range of professional tools designed to satisfy the specific requirements of high performance and reliability. A modern and dynamic company that offers innovative technologies in design, assembly, testing and assistance concerning professional products aimed at demanding and continuously evolving customers.

Design

The PARLUX design has always been inspired by a clean aesthetic profile, with clear lines and simple geometric shapes, that guarantee perfect ergonomics and simplicity of use. "Simplicity" is the feature that distinguishes the "beauty" of the PARLUX products, together with being made of high-quality and modern materials, thus making it a leader over the years.

Quality & Durability

It's the main feature of PARLUX products. Especially for hairdryers, quality is an important feature starting from the design stage and is applied to every single component to provide:

- **durability**, every motor used by PARLUX guarantees at least of 2000 hours of trouble-free operation;
 - **efficiency**, the maximum of air power expressed in cubic meters/hour, with variable output and calibrated temperature balance;
 - **silence**, disturbance-free and noiseless motor;
 - **balance**, no vibration;
 - **light**, minimum user-fatigue;
 - **strong materials**, including the outer casing, to prevent breakages from falls or accidental impact;
 - **consistency**, the high quality level of each tool, so users don't notice any difference when using our various products.
